Regarding dues from the Deaf and Dumb Institute, Mysore

Adverting to the above, I have the honour to state, that this
institution to begin with was brought under "Government and - -
Charitable Institutions " It was first metered in October 1917,
and was given the minimum free allowance of 12,000 gallons per
quarter, just as in the case of other institutions Accordingly
the bills were prepared and served on the Head Master, who made a
representation in March 1918, that this institution should be - -
treated as other boarding houses, and given a free allowance of
12½ gallons per boarder, as per rules in force then The case
was submitted to the Chief Engineer for orders, who in his No 6317
dated 4-12-1919 to the Superintending Engineer, Sanitary Circle,
directed that the Headmaster of the institution may be requested
to address the President of the Municipality in the matter of
treating this Institution as a charitable one, just as Anathalaya
and other Institutions

This was duly communicated to the Headmaster, who immediate-
ly wrote to the President, requesting him to class the above In-
stitution under Charitable Institutions The case is since then
pending with the President

The Institution had the meter till June 1920, when the
meter went out of order The meter was removed and no other
could be substituted, as it was not available

The dues from the institution from the time it was metered
till the date of the meter getting out of order, comes up to --
Rs 145/- limiting the free allowance to 12,000 gallons per quarter.
The Head Master has furnished a list of boarders living in the
Institute from time to time, and basing the free allowance at 12½

gallons per head per day, the excess water charges will come to Rs 45-4-0, for the period in question

The Head Master requests that the charges may be waived, treating this case, as a special one This Institute is a -- unique one of its kind, and deserves special treatment, as urged by the Head Master I would, therefore, recommend ^{that} the excess water charges due from this Institute amounting to Rs 145/- for the period from October 1917 to March 1920, be reduced to - - Rs 45-4-0 and this amount may be waived as a special case, under the above circumstances
